

Vagabond Bars

Vagabond Bars can provide a fully licensed mobile bar tailored to suit any occasion. Our bar service will take away the headache of organising, licensing, setting-up and managing your bar, the stock, the service, and the clean up afterwards. We offer a range of draught beers, bottled beers, real ales, a wide selection of wines and spirits (we stock well-known, popular brands of spirits) and a range of soft drinks.

Bar Options...

Pay Bar – the usual choice! Guests pay for their own drinks – normally priced at £2.50 (-ish). We usually require a deposit – refundable, pound for pound, above a pre-determined breakeven point (a minimum of 120 guests will usually reach the breakeven point – though it is important to keep any free alcohol to a minimum as this will seriously affect bar revenue!).

some options...

Part-Paid – a pre-paid amount can be placed behind the bar and guests will only start to be charged once this amount has been used

Subsidised – you may prefer your guests to pay, for example, £2 per drink and to pay the balance yourself. (Deposit required - and full payment of the account at the end of the reception).

'Free' Bar – If you would prefer to pay for all your guests' drinks then we can provide an all inclusive bar where an itemised account will be presented to you at the end of the evening. This option should not only make you seriously popular, it can also give you the peace of mind that your guests' needs will be fully looked after. (Deposit and full payment of the account at the end of the event)

option...

Pre-Paid / Price per Head - this option allows you to pay a set price of £15 - £20 per person for unlimited drinking for the duration of the event. (Payment in full prior to the event)

Drinks on arrival

If you would like your guests to be served with a complimentary drink on arrival - typically a glass of Wine or Champagne, Pimms or perhaps a cocktail - alongside a soft drink option - we can provide this, including glassware, for you. (Payment in full prior to the event)

'Table' Wines

Where your event includes a sit-down meal, you may like to provide wine for the tables. If you would like us to supply your wines, we will also supply you with **free glassware*** in which to serve them and organise for them to be available at the appropriate time, chilled as necessary. If you are also having one of our bars, it is popular to have further bottles of the same table wines available from the bar. Wines and glassware for toasts can also be supplied.

Staffing

For all bar options, there will be (at least) one Personal License Holder (PLH) in attendance.

And, as the client, we believe that you should have a choice on how your bar tending team are dressed. We have two options for you; smart-casual or smart...

Smart-Casual – Black T-shirt or Polo-shirt with dark blue jeans
Smart – White shirt / black trousers.

Licencing

If a Premises License is not already in force, you will need a Temporary Event Notice to legally permit the sale of alcohol. We can organise this licence for you.

Oh, and Vagabond Bars do not run dry!

* lost/missing/broken glasses are chargeable
