

# Vagabond Bars

Vagabond Bars can provide a fully licensed mobile bar tailored to suit any occasion. Our bar service will take away the headache of organising, setting-up and managing your bar, the stock, the service, and the clean up afterwards. We offer a range of draught beers, bottled beers, real ales, a wide selection of wines and spirits (we stock the well-known, popular brand names) and a range of soft drinks. And we also supply all the necessary glassware or disposables.

## Bar Options...

**Cash Bar / Pay Bar** – the usual choice - whereby guests pay for their own drinks, normally priced at £2.50-£3. This service will be **free of charge** as long as turnover exceeds an agreed level (typically £1200 - £1400 - depending on bar prices). If actual turnover is lower, the charge for the bar is 55% of the difference between the two. **Please note that it is important to keep any free alcohol to a minimum as this will seriously affect bar revenue!** (A deposit may be required for smaller events (less than 120 guests) and any balancing charge is payable at the end of the evening).

some options...

**Part-Paid** – if you wish, you can place an amount of money behind the bar and guests will only start to be charged once this amount has been reached. As we get close to this figure we will let you know so that you have the option of either putting a further amount behind the bar - or switching to a pay bar and your guests start paying for their drinks in the normal way. A 'cut-off time' is another option.

**Subsidised** – if you prefer your guests to pay subsidised prices, for example £2 per drink, we can charge you for any subsidy separately.

**'Free' Bar** – If you would prefer to pay for all your guests' drinks then we can provide an all inclusive bar where an itemised account will be presented to you at the end of the evening. This gives you the peace of mind that all of your guests are being fully looked after. (Deposit and full payment of the account at the end of the event).

or, optionally...

**Price per Head** – whereby you can pay a fixed price, of typically £15 - £20 per person, for unlimited drinking for the duration of the event. (Payment in full prior to the event)

## Drinks on arrival

Many hosts offer their guests a complimentary drink on arrival - often a glass of wine, champagne or Pimms - alongside a soft drink option - we will be happy to arrange this for you. Prices on request.

## 'Table' Wines

Where your event includes a sit-down meal, you may wish to provide wine for the tables. If you would like us to supply these wines, we will organise for them to be available at the appropriate time, whites &/or rosés chilled as necessary. Similarly, champagne or sparkling wines for toasts also available.

## Glassware

For a complete service regarding the 'wet' side of your event, we can also supply excellent quality glassware for your tables, at very competitive prices (including washing) – with typically better quality glassware at lower prices than the hire co.s. Good quality glassware can significantly enhance the look of your tables.

## Staffing

For all bar options, there will be (at least) one Personal License Holder (PLH) in attendance. And, as the client, we believe that you should have a choice on how your bar team are dressed. We offer two options; smart-casual or smart...

**Smart-Casual** – Black T-shirt or Polo-shirt with dark blue jeans  
**Smart** – White shirt / black trousers.

## Licensing

If a Premises License is not already in force, you will need a Temporary Event Notice to legally permit the sale of alcohol. We can organise or help organise this licence for you.
